

Farm Weddings

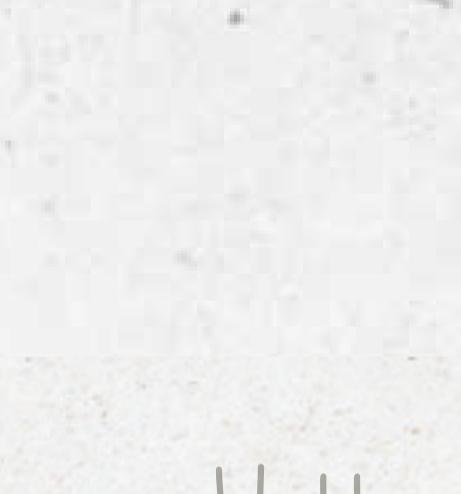

Say I do on our intimate family farm.

*We have the space for your romantically rustic dream—a woodland dell of mature oak and fairytale lichens, a hidden garden of roses and winding paths.

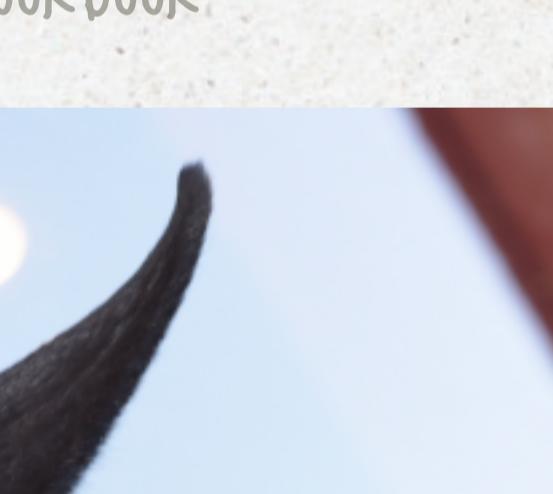

Two options for feast and party

Choose the hayloft with magnificent fir table or the larger Upper Barn for cocktails, dinner and dancing.

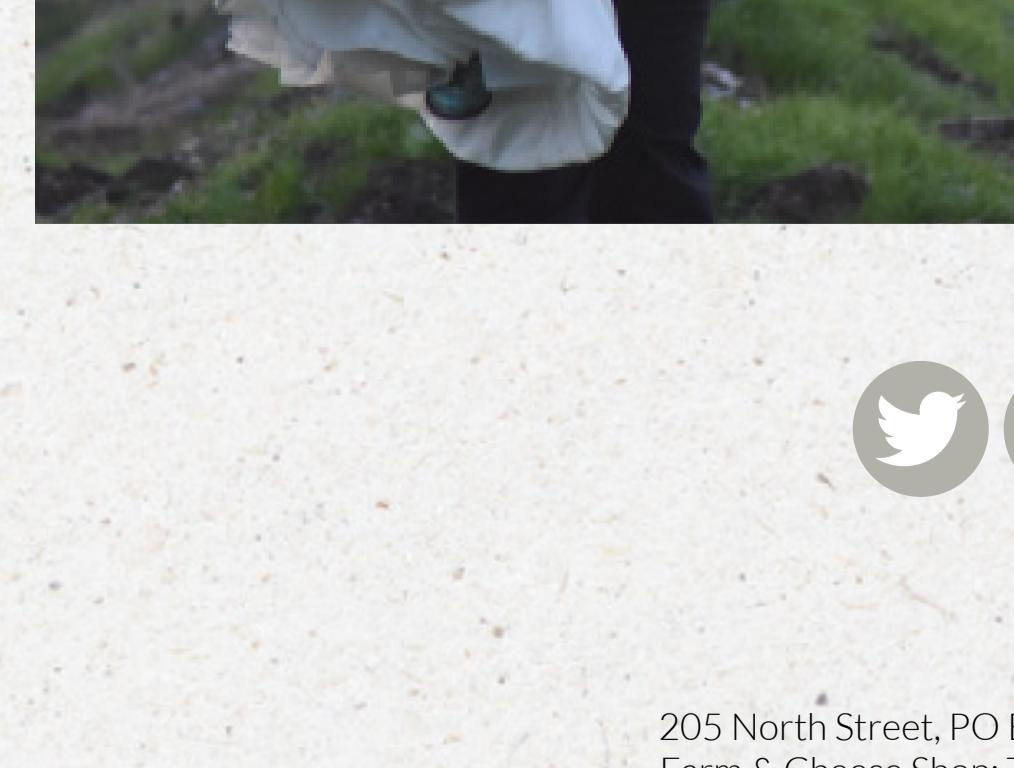

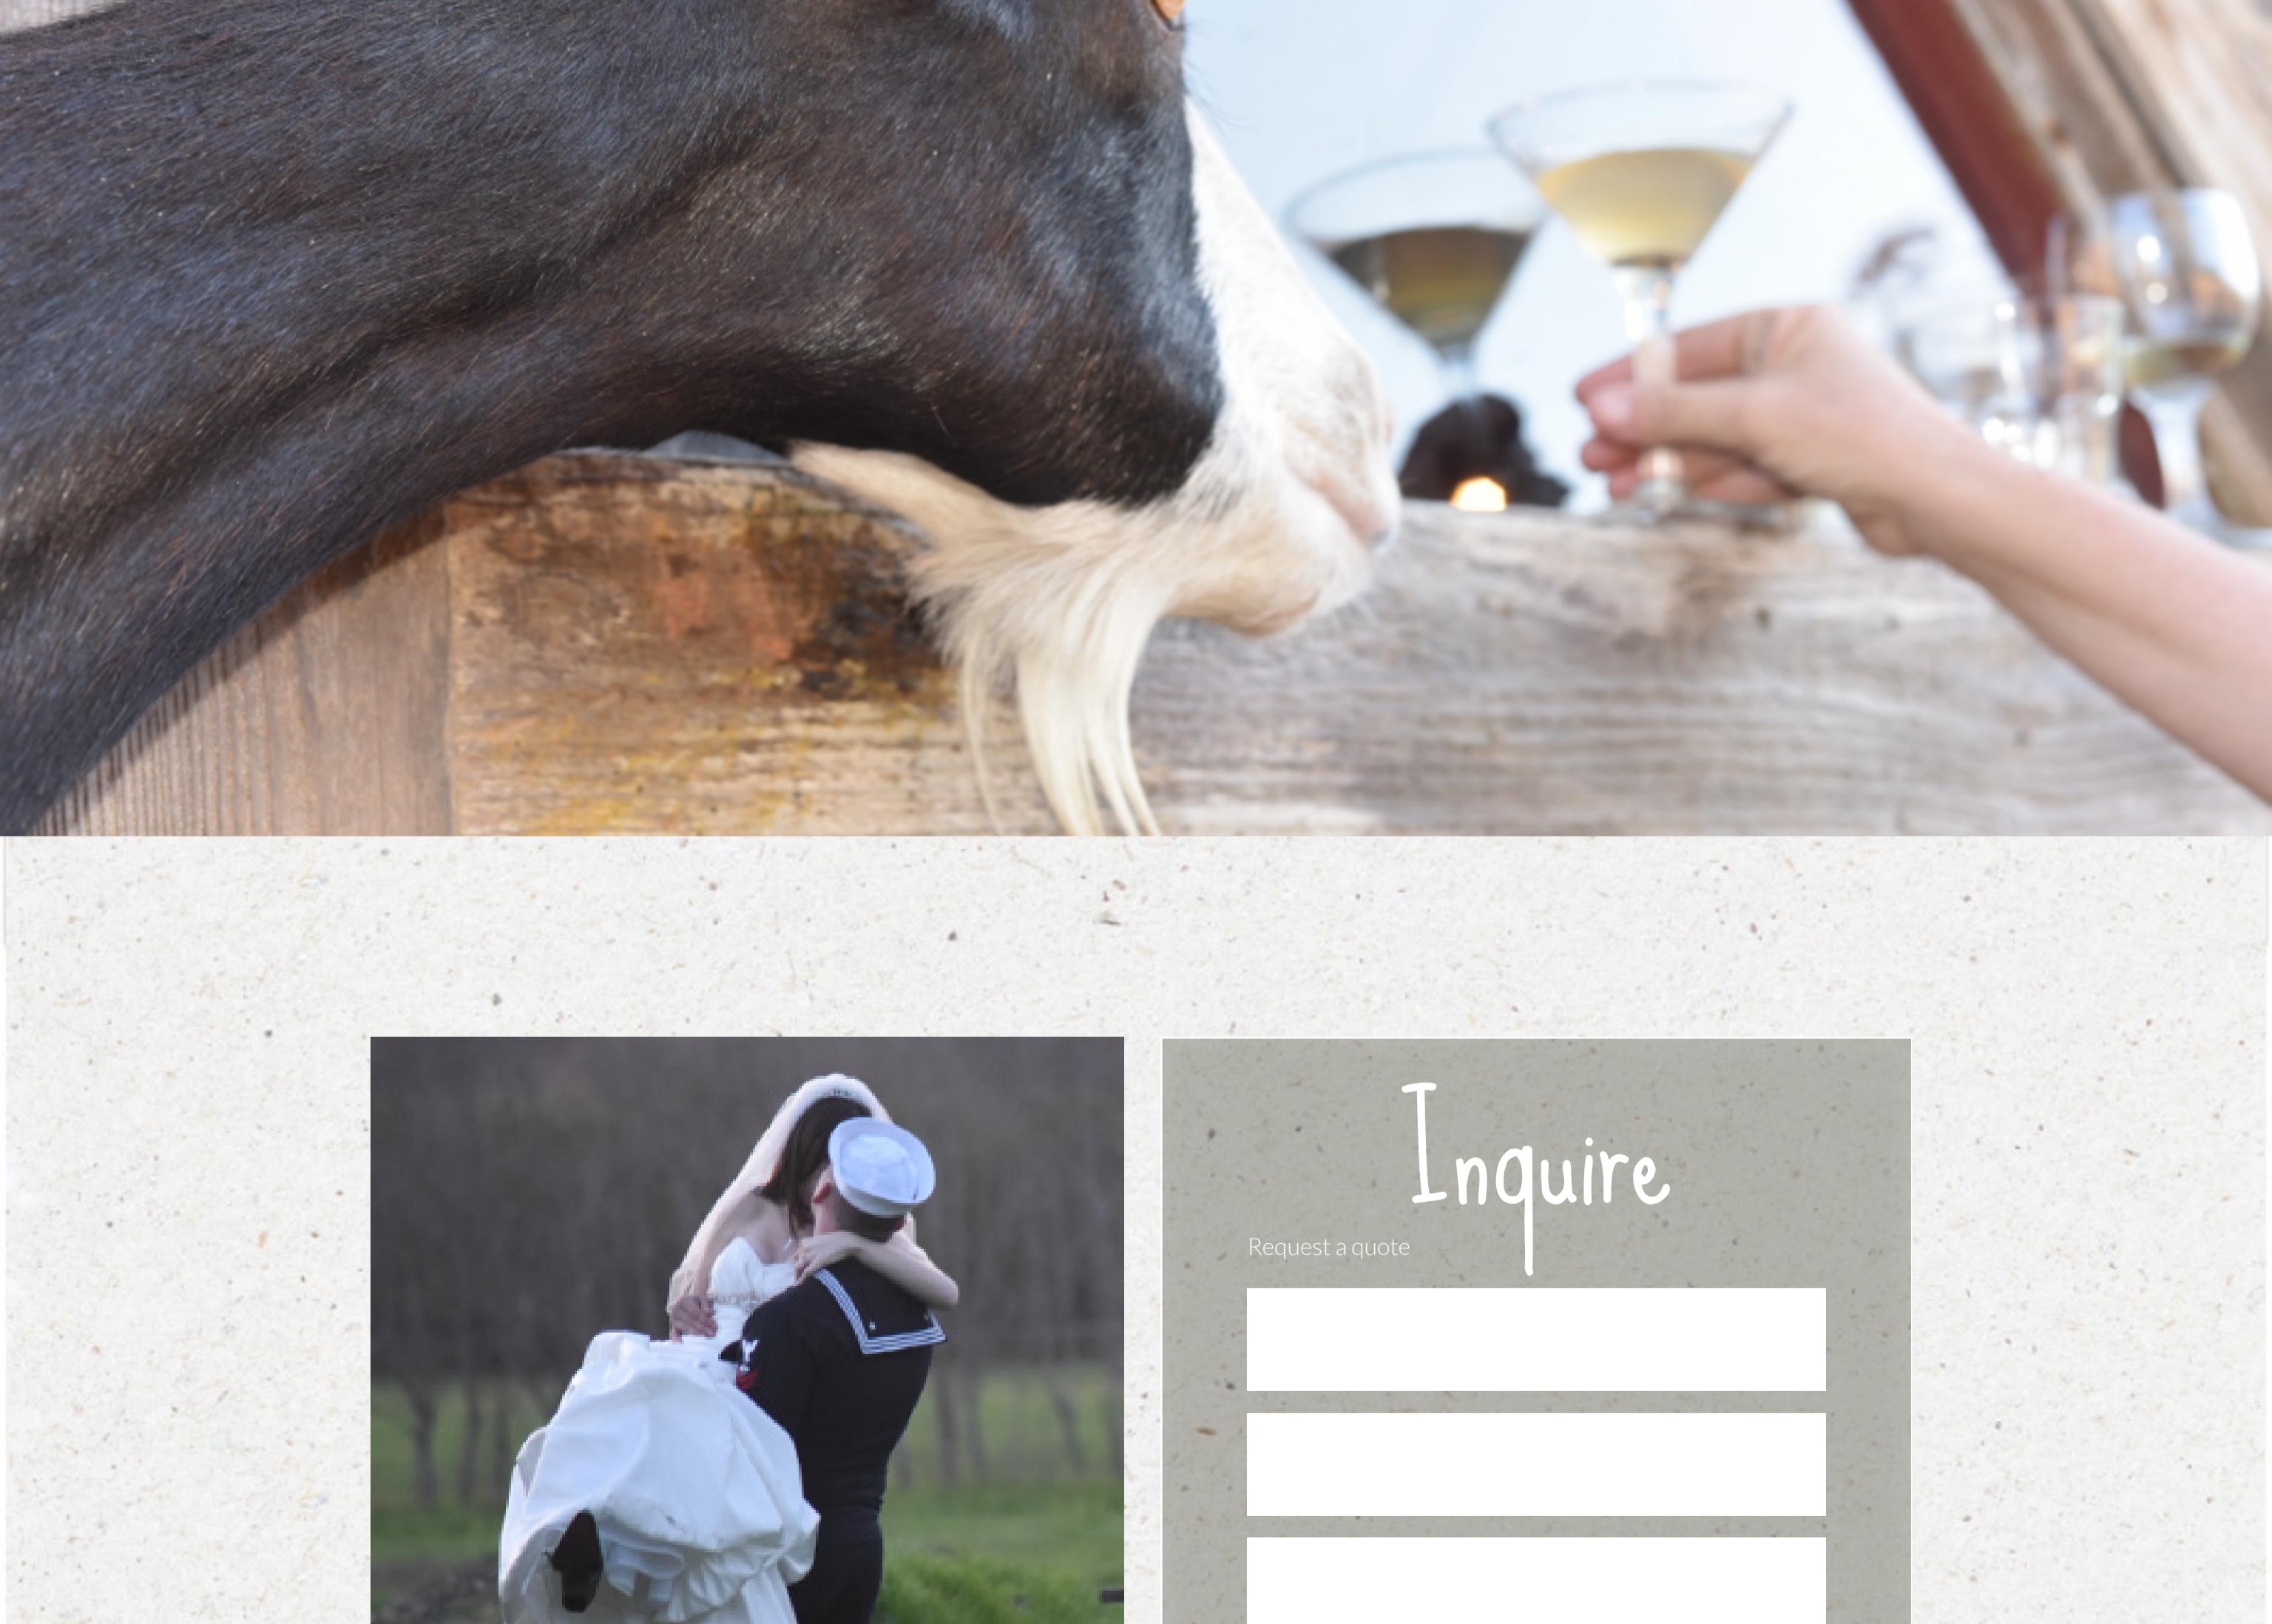

Add these extra finishing touches

We will gather your wedding bouquet from our gardens, make your cake even more romantic with flowers, and set the table with favors made on the farm.

Farm weddings include

We do it all. Drop off the wine and get your hair done. We will be arranging flowers and making your lavender lemonade..
